Be Summer Safe: Get to know the fire danger rating

Summer is in full swing! As temperatures rise, so does the risk of wildfires. Help protect the community and surrounding nature by staying informed and understanding the current fire danger rating.

- **Check for Fire Bans:** Before engaging in certain activities, check the current fire danger rating.
- **Respect the Ban:** If a fire ban is in effect, understand what you can and cannot do.
- **Be Prepared:** When enjoying the outdoors, be aware of any risks in the area and be prepared for potential emergencies.
- **Spread Awareness:** Help amplify the current fire danger rating by sharing the message with others.
