## CREATE A SPARK

Community Investment Grant Program  
Applications Due May 1

## Apply Today

Cochrane's Community Grant program helps local groups complete projects that enrich our community. Are you ready to create a spark in your community?

Apply for Cochrane's Community Investment Grant Program at [Cochrane.ca/communitygrants](https://Cochrane.ca/communitygrants)

## Stormwater Facilities Odor

In early spring, you may notice odor near stormwater facilities.

This odor is caused by vegetation decaying underneath the ice. The gases produced from the decay cannot escape through the ice layer and pass through any connected storm drain infrastructure.

Have concerns about an elevated rotten egg smell within your home? Call 911 and Cochrane Fire Services will test for H2S gas.

## Property assessment review period ends soon

The property assessment review period ends on March 31, 2023. There is still time to review your assessment and speak to a Cochrane Assessor about your property's value.

Contact: 403-851-2950
