Waste & Recycling 403-851-2277

## Happy Labour Day Weekend

We hope you enjoy a safe and happy long weekend. Keep in mind, this weekend crews will continue their significant work to progress construction projects before the back-to-school season begins and the snow flies. Visit [Cochrane.ca/construction](https://Cochrane.ca/construction) for work updates and detours in our community.

## Intersection Closure: Centre Ave. & First St.

Centre Ave and 1<sup>st</sup> St intersection is now closed for about four weeks. Although this closure might affect travel routes, rest assured that the changes we're making will enhance your future travel experiences along this crucial community corridor.

### Back-to-School Impact:

We've closely coordinated with local schools to align the construction schedule with drop-off and pick-up times, ensuring minimal disruptions.

### Supporting Local Businesses:

Local businesses will remain open without interruption.

### Detour Routes and Updates:

To help navigate around the closure, established detour routes and signage will guide residents and visitors. Weather-dependent schedule changes might occur. Please follow posted detours and instructions from flaggers.

## Labour Day Holiday Hours

Cochrane Facilities, including the RancheHouse, Operations Centre and Eco Centre, will be closed on Monday, Sep 4. Regular business hours will resume on Sep 5.

Waste & Recycling carts will be collected as regularly scheduled.

The Cochrane Information Centre at The Station at Cochrane Crossing will be open on Labour Day, Sep 4<sup>th</sup> from 8am-1pm.

Drop by the Cochrane information Centre and Cochrane Crossing Civic Plaza at 360 Railway St W for local information, public washrooms and family-friendly outdoor games.

## Backpack Program Equipping families with school supplies

Through the Backpack Program, Cochrane and Area Family Resource Network (FRN), in collaboration with Staples and the Kiwanis Club of Cochrane, aims to alleviate the inherent stress and financial strain that often accompanies the beginning of a new academic year.

## Back-to-School Safety

Please watch for children on their way to and from school; plan for extra time if your travels take you near schools or school bus routes and always follow the speed limit.
