

Council Highlights

November 14 2022

Public Hearings

Two public hearings took place, providing stakeholders the opportunity to comment and provide feedback for Council's consideration.

Bylaw 11/2022 Western Heritage Design Framework

The proposed Western Heritage Design Framework (2022) is an update to the Town of Cochrane's Western Heritage Design Guidelines (2000). The update was undertaken as part of the Land Use Bylaw review project with the purpose of integrating the guidelines fully into Town regulations and form part of the Development Permit review process.

Bylaw 17/2022 Greystone Phase 5 Land Use Amendment

This land use amendment is intended to facilitate residential development as well as a large 12-acre park space within the Greystone Community and is in alignment with the Greystone Area C Neighbourhood Plan.

These bylaws will be coming before Council in the near future for second and third reading.

Regular Council

Indigenous Placemaking Initiative

Administration presented the Cochrane Indigenous Placemaking Initiative to Council for consideration of support on October 24, 2022. At that time, Council requested additional financial and programming information.

Council was provided with updated Business Plan, summary materials for the initiative, financial projections, programming concepts, support letters and associated guidance documents for Municipalities regarding their role and opportunities to advance the Truth and Reconciliation Calls to Action.

Council passed the motion that Council support the Indigenous Placemaking Initiative through provision of space 100% funded for the first year (to the end of 2023), 75% funded for the second year (2024), 50% funded for the third year (2025) and thereafter the Indigenous Centre Board of Directors would either assume the full lease and costs associated, or the lease will be terminated; and further that Council request representation on the Board of Directors.

Council Highlights is a summary of actions and decisions; it is not an official record of the meeting. For the full archive of agendas and minutes, visit cochrane.ca/agendas.
