Book a ride: [onitregionaltransit.ca](http://onitregionaltransit.ca)

## Wildlife Safety

Cochrane is home to many animals and wildlife. With the fall weather returning, animal sightings can be more common. It is important to follow these tips to help prevent dangerous wildlife encounters.

- Remove any outdoor food sources that attract wildlife.
- Keep your pets on a leash.
- Put waste and organics carts out the day of collection only.
- Carry bear spray.

More info: [alberta.ca/living-with-wildlife.aspx](http://alberta.ca/living-with-wildlife.aspx)

## Trailer Parking

It's time to start thinking about your seasonal trailer parking. From May 1 to October 31, residents can take advantage of the camping season by parking RVs and trailers on their home driveway. As the season comes to a close, on October 31, residents must find a new spot to store their trailers, RVs and campers.

More info: [Cochrane.ca/200/RVs-Trailers](http://Cochrane.ca/200/RVs-Trailers)

## Capital Projects

We're investing in the community. Stay up to date with the ongoing capital projects in Cochrane.

## My Cochrane Collection

Your Cochrane waste, recycling and organics app and online tool available on the App Store and Google Play.

## Back to School Safety

School is back in session! Plan for extra time during your morning or evening commute if you travel near schools or bus routes. Always follow the speed limit and watch for children and other pedestrians.
