Wildlife Safety

Cochrane is home to many animals and wildlife. With the fall weather returning, animal sighting can be more common. It is important to follow these tips to help prevent dangerous wildlife encounters.

- Remove any outdoor food sources that attract wildlife.
- Keep your pets on a leash.
- Put waste and organics carts out the day of collection only.
- Carry bear spray.

Traffic Safety

It's no secret there is construction happening around Cochrane. There are many people working hard to update our roads and keep us safe, but we all have a role to play! When approaching a construction zone, please follow the speed limit and approach with caution. Let's work together to keep each other safe!

Trailer Parking

It's time to start thinking about your seasonal trailer parking. From May 1 to October 31, residents can take advantage of the camping season by parking RVs and trailers on their home driveway. As the season comes to a close, on October 31, residents must find a new spot to store their trailers, RVs and campers.
