Trailer Parking

Give your trailer the break it deserves! After an extra long camping season, it's time to start thinking about alternative parking options.

On October 31, trailers, RVs and campers are no longer allowed to be parked on residential driveways until the return of the camping season in May.

Be a Part of Public Art in Cochrane

Calling all local artists! This is your opportunity to take part in Cochrane's public art displays.

This is an open call for community artists who live in the Bow Valley area to submit a proposal for one of three public sculpture installations at the Cochrane Crossing Civic Plaza, known as The Station.

The project includes three different opportunities for local artists to create public sculpture installations that reflect the following three themes: Truth and Reconciliation, innovation, and diversity.

Be Winter Ready

Winter is coming and we want you to be prepared. Follow us on Facebook for weekly tips to help you get ready for winter.

With great weather like this, it is the perfect time to clean out your gutters, swales and eavestroughs. Clearing them of any debris will ensure water drains properly avoiding yours and your neighbours' properties.

SHRED IT!

FREE Community Shredding Event

10 am -2 pm

Saturday, October 22 at the Cochrane Eco Centre.

Cochrane residents and businesses are invited to bring their confidential documents for onsite shredding (maximum three bankers boxes per car/day). Monetary donations will be accepted for a local Cochrane charity.
