Alarm Rebate Program

With the Broadband Alarm Rebate Program, your neighbours will wake up to their alarms, not yours.

A new rebate program will help Cochrane business owners cover the cost of replacing tonal backup alarms with broadband alarms on commercial vehicles, with a goal of reducing noise disturbance in Cochrane.

Supplementary Tax Notices mailed October 21.

Property Taxes Due

December 31, 2022

Cochrane.ca/taxes

Supplementary Property Tax Notices

Supplementary Property Tax Notices have been mailed as of October 21.

If you moved into a newly constructed property this year, a supplementary tax bill reflects the increase in your property since construction was completed or occupied.

Check your mailbox for your supplementary assessment and tax notice. If you haven't received your property tax bill, ownership and mailing address changes may be delayed due to Alberta Land Titles processing.

Reach out to taxes@cochrane.

Be a Part of Public Art in Cochrane

Calling all local artists! This is your opportunity to take part in Cochrane's public art displays.

This is an open call for community artists who live in the Bow Valley area to submit a proposal for one of three public sculpture installations at the Cochrane Crossing Civic Plaza, known as The Station.

The project includes three different opportunities for local artists to create public sculpture installations that reflect the following three themes: Truth and Reconciliation, innovation, and diversity.
