

Council highlights

Delegation: BOLD Workshop Architecture + XYC Design Presentation

Darren Polanski and Kayla Brown, Principles and Architects - BOLD Workshop Architecture came before Council to share creative market driven affordable housing solutions created with graduate students.

Council received the report for information.

Delegation: Cochrane & Area Health Foundation

Brian Winters and Reid Kimmett from the Cochrane & Area Health Foundation provided Council with an update on the current initiatives of the Foundation.

Recent activities completed included a project to enhance and augment the treatment rooms in the Cochrane Urgent Care for pediatric follow-up. As well, the CAHF has received official charitable status.

Council received the report for information.

Public Engagement Update

Administration provided Council with an update on Cochrane's public engagement initiatives, the results of the Let's Talk: Public Engagement survey and focus group, as well as a review of the existing public engagement policy.

Administration will be bringing forward an update to the existing Public Engagement Policy for Council's review and consideration.
