METHODOLOGY

The following list of historic resources represents Phase Two of a three-phase process for the development of a heritage management strategy for the Town of Cochrane:

Phase One - Preparation of resource inventory by the Town of Cochrane

Phase Two – Preparation of Historic Resource Register

Phase Three – Preparation of Historic Resource Management Plan

The preparation of the historic resource register comprised several steps. This included a compilation of the information gathered in Phase One by the Town, and an individual survey and review of each resource listed on the Phase One resource inventory. It should be noted that no further research was undertaken on the resources identified in Phase One, and the information contained in the Phase Two Heritage Inventory Evaluation is based on this previous research. Although the resources almost entirely comprised buildings, the resources evaluated also included structures and cemeteries. This list was then carefully evaluated and scored using a set of evaluation criteria for application within the local context of the Town of Cochrane. The criteria assessed the following:

Architectural History: style or type of building, structure or landscape; design attributes; construction methods/materials; notable designer or builder.

Cultural History: historical association with important people or events; historical patterns within the town's history.

Context: context of each resource within the historical landscape or neighbourhood; compatibility with other buildings and groupings of buildings; symbolic importance as a local landmark

Integrity: degree to which the resource has been altered since originally constructed and designed. The reversibility of alterations was also taken into account.

The evaluation criteria have been consistently applied. Certain recurring situations received a standard scoring, e.g. the score of 5 points under "Construction" for the use of brick, or the score of 8 points under "Designer/Builder" for the Chapman Brothers.

As a result of this evaluation process, a list consisting of 42 buildings (20 Register A and 22 Register B), one structure, and two cemeteries has been developed that will form the Register of Historic Resources for the Town of Cochrane.

This list has been divided into two categories: "A" Resources (those that scored 75 points and above) and "B" Resources (those that scored between 45 and 74 points). The Register has been categorized this way in order to guide the Town in the future management of these historic resources. While all of the resources on the Register are

TOWN OF COCHRANE HERITAGE REGISTER

important and form the core group of buildings to which conservation efforts should be focused, the "A" group identifies those resources, which should receive the most effort in the event that priorities must be developed due to limited management or financial options.

The Register is the first critical step towards the development of a Heritage Management Plan for the Town of Cochrane. This allows the Town to direct its policy development and municipal programs towards those resources in the most effective and responsible manner.

EVALUATION CRITERIA

ARCHITECTURAL HISTORY

1. STYLE/TYPE: a building's style representative of the Town's significant development periods; or a building type associated with a significant industrial, institutional, commercial or transportation activity.

Excellent

- An excellent example of a style or type, or
- One of few surviving and very good examples of a style or type, or
- One of the earliest, very good examples of a style or type.

Very Good

- A very good example of a style or type, or
- A good example of a style or type that is notably early or rare.

Good

- A good example of a style or type that is common.

Fair/Poor

- An average example of a style or type that remains common.

2. DESIGN: A building's notable or special attributes of an aesthetic or functional nature. These may include massing, proportion, materials, detail, fenestration, ornamentation, artwork, or functional layout.

Excellent

- A design that is outstanding in comparison with other examples.

Very Good

- A design which is equal to several others of recognizable superior or special quality.

Good

- A design which incorporates several special or aesthetic features.

Fair/Poor

- A design of no special significance or quality beyond stylistic considerations.

3. CONSTRUCTION: A building's unique or uncommon building materials, or its historically early or innovative method of construction.

Excellent

- One of the earliest known uses of an important or special material or method, or
- A now rare and out-of-use material or method.

Very Good

- One of the earliest known surviving uses of an important or special material or method, or
- A notable or out-of-use material or method of which several examples survive.

Good

- An out-of-use material or method, which is typical of a period and still commonly, found.

Fair/Poor

- An example of no particular significance, or
- An example of typical construction techniques.

4. DESIGNER/BUILDER: A building's architect, designer, engineer and/or builder who has made a significant contribution to the Town, province or nation.

Excellent

- Those who were responsible for establishing or advancing a style, design or construction method that was significant and influential.

Very Good

- Those whose works are of considerable importance to building and development.

Good

- Those whose works are of some importance to building and development.

Fair/Poor

- Of unknown or little significance.

CULTURAL HISTORY

1. HISTORICAL ASSOCIATION: A building's direct association with a person, group, institution, event or activity that is of historical significance to the Town, province or nation.

Excellent

- Closely connected with a person, etc. of considerable importance.

Very Good

- Closely connected with a person, etc. of moderate importance.

Good

- Closely connected with a person, etc. of some importance, or of moderate importance on a local area or neighbourhood level.

Fair/Poor

- Minor historical association only, or
- Unknown historical association.

2. HISTORICAL PATTERN: A building's association with broad patterns of local area history, including development and settlement patterns, early or important transportation routes, ecological or geographic change, significant landforms, or social, political or economic trends. In urban settings, a building's recognition of street pattern and infrastructure.

Excellent

- A building that can be directly linked to the establishment of an historical pattern of importance to the Town.

Very Good

- A building that can be directly linked to the establishment of an historical pattern of local area or neighbourhood importance, or
- A building that can be linked to the establishment of an historical pattern, and is one of the earliest surviving examples.

Good

- A building that provides strong evidence of an historical pattern of some importance.

Fair/Poor

- A building of no discernible association with a recognizable historical pattern, or
- An unknown association with a recognizable pattern.

CONTEXT

1. LANDSCAPE/SITE: An intact historical landscape or landscape features associated with an existing building; or a notable historical relationship between a building's site and its immediate environment, including original native trees and topographical features; or a notable use of landscaping in conjunction with an existing building.

Excellent

- A setting comprised of numerous, significant landscape features which are directly related to the building's style, design and history, or
- A notable and intact historical relationship between a building's site and the street, waterfront, view or other geographic features which were part of the building's original function or environment.

Very Good

- A landscape which includes several dominant features which are directly related to the building's style, design, or history, or
- An altered, but still strongly apparent, historical relationship between the site and its immediate surroundings.

Good

- A landscape which includes one or two important features which are directly related to the building's style, design, or history, or
- An altered, but still recognizable, historical relationship between the site and its immediate surroundings.

Fair/Poor

- No significant and recognizable landscape features or building/site relationship.

2. NEIGHBOURHOOD: A building's continuity and compatibility with adjacent buildings and visual contribution to a group of similar buildings.

Excellent

- A building that is an important part of a visually prominent and notable group of buildings of similar style, type or age, in an area of compatible use.

Very Good

- A building which forms part of a contiguous group of similar style, type or age in an area of compatible use, or
- A building with other inventoried addresses adjacent.

Good

- A building which is part of a contiguous group of similar style, type or age in an area of incompatible use, or
- A building, which is not part of a contiguous group of similar style, type or age, but is in an area of compatible use.

Fair/Poor

- A building which is not part of a group of buildings of similar style, type or age, and is in an area of incompatible use.

3. VISUAL/SYMBOLIC IMPORTANCE: A building's importance as a landmark structure; or its symbolic value to the Town or a local area or neighbourhood.

Excellent

- A landmark building of importance to the Town, or
- A building of significant symbolic value to the Town.

Very Good

- A major visual landmark or a building of significant symbolic value to a local area or neighbourhood.

Good

- A visual landmark or building of symbolic significance to its immediate surroundings.

Fair/Poor

- A building of little or no landmark or symbolic significance, or
- A building which is not particularly prominent.

4. INTEGRITY

A measure of the impact of changes to the building on the appreciation of its style, design, construction or character. Alterations considered to be reversible (e.g. later sidings that can be removed) should tend to be scored as minor. Alterations which are not reversible, and which have resulted in the loss of original building fabric, should tend to be scored as major.

Excellent

- A building with no detracting alterations, or
- Alterations of a very minor nature only, or
- Alterations which may be considered very minor.

Very Good

- A building with one or more minor alterations, the effect of which is recognizable but does not significantly detract from the style, design, construction or character.

Good

- A building with a major alteration and/or a combination of several minor alterations, the effect of which detracts from the style, design, construction or character.

Fair

- A building with several major alterations, the effect of which detracts from the style, design, construction or character.

Poor

- A building with major alterations which greatly detract from the style, design, construction or character.

CHRONOLOGY OF HISTORICAL EVENTS

NAME: Cochrane – the town was named by the Canadian Pacific Railway after Senator M. H. Cochrane, president of the British American Ranch Company. The British American Ranch Company was established in 1878 and was the first big ranching company in the West.

The Town of Cochrane, founded on the Cochrane Ranche Leasehold Lands owes its inception and growth largely to the Canadian Pacific Railway. Although situated in a lush valley ripe for use as farmland, it was the C.P.R. settling the West that resulted in the growth of the town. By the early 1900's, Cochrane's industrial presence flourished to include a coal mine, quarry and four brickyards. This early prosperity would be short lived with the disastrous recession of 1913 and the subsequent onslaught of World War I. The following chronology presents an overview of events relating to the history of the little town at the base of the 'Big Hill'.

HISTORICAL CHRONOLOGY:

- 1872 – Dominion Government passes the first land act granting to settlers land adjacent to their farms for grazing purposes (to encourage the settlement and development of western lands)
- 1876 – the land act is broadened to allow the granting of leases to anyone (the leaseholder did not have to establish a home site to qualify for the grant)
- c. 1870's – the Hamlet of Cochrane is founded on the Cochrane Ranche Leasehold Lands, later the British American Ranche
- 1881 – the Dominion Government incorporates The Cochrane Ranche Company Limited (Senator Matthew H. Cochrane president) with headquarters one mile west of the present town of Cochrane
- 1881 – Cochrane home of the first large privately owned ranching operation, the Mount Royal established by A.P. Patrick
- 1882 – Cochrane Ranche starts a butcher shop as a retail outlet for their beef

TOWN OF COCHRANE HERITAGE REGISTER

- February 1884 – the original shareholders of the Cochrane Ranche form a new company the “British American Company”
- 1885 –Cochrane ‘born’ with the building of the C.P. Railway; Cochrane’s first building south of the tracks used as an office, living room for the telegraph operator and freight shed – Cochrane is an important stop on the main line between Calgary and Field, B.C. – all trains stop at Cochrane with the exception of some passenger trains (station open 24 hours a day)
- 1886 – Mitford springs up and settlers do their shopping and business there
- 1887 – a new set of buildings erected on the south side of the Bow River and a new company was formed - the “Bow River Horse Ranch”
- August 1888, the British American Ranch sells their sheep and leases and the land north of the Bow River, nearer the townsite, is taken over by settlers
- c. late 1880’s a new railway station is built on the north side of the railway line
- c. late 1890’s, first one room school building is erected in east Cochrane – established by The Bruce Family, J. Quigley and J. Hewitt
- 1890 – coal mine established
- 1892 – All Saints Anglican Church is built in Mitford with Lady Adela Cochrane being instrumental in raising funds for it’s construction
- 1894 – the Cochranes sell lease and stock to Mr. Goddard, Mr. F.H. Warner and Mr. W.P. Warner
- September 25, 1895 – construction starts on the Catholic Church by Father Comire and Brother Patrick Bowes
- November 24, 1895 – blessing of the Catholic Church
- c. 1898 – 1914 Collins brickyard and plant moved from Calgary – three plants followed
- c. 1898 – first livery stables constructed by William and Ike Pepper for Joe and Jim Murphy
- c. late 1890’s as Mitford abandoned Cochrane becomes the centre of the rural area and the town begins to grow
- 1899 – Mitford becomes a ghost town and All Saints Anglican Church (presented by Lady Cochrane) is moved to Cochrane
- April 30, 1899 –the first service at the newly relocated church

- C. 1901 – 1902 – construction of the first Presbyterian Church
- April 2, 1902 – first marriage conducted after All Saints Anglican Church is moved to Cochrane
- Monday, June 29th, 1903 – Cochrane becomes a Village with the election of an Overseer of the Village
- August 31st, 1903 – D. White is appointed Overseer
- 1904 – A. McEwan is appointed Overseer
- 1904 – 1914 – French Brick Yard
- 1905 and 1906 – D. J. Bruce is appointed Overseer
- 1907 – James Quigley appointed Overseer
- October 1908 – cornerstone laid at St. Andrew's Church by Mrs. James Quigley
- 1908 – women allowed to vote at meetings held within the All Saints Church in Cochrane
- 1908 – King Solomon Lodge No. 41, Masonic Order is formed in Cochrane
- 1908 – 1914 – Shelley Sandstone Quarry
- March 13, 1909 – purchase of land from C.W. Fisher for construction of a Fire Hall to be completed by April 15, 1909 by Robert Chapman
- March, 1909 – establishment of the 'Advocate' weekly newspaper by J. Mewhort – with 14 editors in it's 16 year history
- C. 1909 construction of a residence to be used as Cochrane's first hospital
- 1910 – 1913 – Quigley Brick Yard
- 1911 – 1913 – Cochrane Brickyard
- 1911 - population was 395
- September 1912 – The Royal Visit - the Duke of Connaught and his daughter Princess Patricia visit Cochrane
- 1914 – population was 500, war hits and scarcity of manpower causes brick plants to close, never to reopen; stone quarries unable to sell their product as methods of building change
- 1915 – the hospital closes

Glenbow Archives NC-26-206

- c.1918 – a new 2-room brick school is built
- 1925 – construction of a grain elevator by United Grain Growers Ltd.
- c. 1926 – 2 additional rooms added to the brick school
- November 15, 1927 – the first serious fire in Cochrane as the Alberta Hotel is destroyed
- October 1st, 1928 – the Fisher Block is destroyed
- 1929 – first noted Cochrane R.C.M.P. – Constable Rogan
- 1939 – a cairn erected nine miles south of Cochrane at the site of the first Catholic mission in Southern Alberta
- Cochrane shows no sign of progression until after W.W.II
- Oil boom comes to Cochrane and the town starts to grow once more
- November 1951 – Royal Highnesses Princess Elizabeth and Prince Philip visit Cochrane
- 1952 – establishment of a 25,000 gallon reservoir
- 1959 – population is 805
- 1959 – a new Catholic Church is built – a replica of the first St. Mary's Church is built by the Franciscan Order at Mount St. Francis Retreat, north of Cochrane (constructed of lumber taken from the original church)
- 1961 – the grain elevator sold
- February 25, 1964 – Cochrane Lions Club receives it's Charter
- c. 1967 – the old school is torn down
- 1968 – the train station is demolished

HERITAGE REGISTER A

The following sites scored 75 points or above, and are proposed for the Heritage Register A list.

- Cochrane Cemeteries (two cemeteries)

DATA SHEET

ADDRESS: 204 Baird Avenue

NAME: James Quigley Ranche (J-2 Ranche)

DATE OF CONSTRUCTION: 1889

ORIGINAL OWNER: James Quigley

ARCHITECT: Unknown

BUILDER: Charles Pedeprat (local master craftsman)

HISTORICAL SIGNIFICANCE:

- Oldest building in Cochrane (log c/w cladding)
- Constructed on land leased from the British American Ranche Company
- James Quigley arrived in Cochrane in 1885, only four years after the incorporation of the Cochrane Ranche Company
- Quigley was responsible for opening the first school in Cochrane
- Purchased by Dr. Andrew Park in 1906 and used as a residence, medical office and hospital until 1919 (Dr. Park was later the Chief Medical Officer of the Colonel Belcher Hospital in Calgary)
- Jimmy McKay's father (McKay's ice cream), who was married to Quigley's daughter, resided here
- Rare and excellent example of Gothic Revival farmhouse
- Founding site of the Cochrane Times 1973
- Registered Historic Resource 1980

DATA SHEET

ADDRESS: 141 Pope Avenue

NAME: Murphy Residence

DATE OF CONSTRUCTION: 1910

ORIGINAL OWNER: Joseph Murphy

ARCHITECT: Unknown

BUILDER: Unknown

HISTORICAL SIGNIFICANCE:

- Joseph Murphy built and owned the Alberta Hotel in 1898 which burned in 1927 (the building was the social centre for Cochrane)
- 1898 he also built the Murphy Livery Stable (which he turned over) and closer to the hill he had a lumber yard which he managed himself
- C. 1900 Joseph Murphy located a horse ranche about two miles from Cochrane, adjacent to the present St. Francis Retreat
- Joseph Murphy raised Thoroughbreds, Standardbreds and draft horses that won many ribbons at the Calgary Stampede....his ranche was noted as one of the most important stock farms in Alberta
- After Joseph Murphy's death in 1920 the house was sold in 1922 to Mrs. Gillies who used it as a boarding house
- The building was moved to it's present site in c. 1951 due to highway 1A construction (moved off original cut sandstone foundation)
- 1957 extensive renovations – removal of front bay window and stucco added to first storey
