Spring Road Repairs

Spring brings many things – one of them is potholes.

Repairing potholes is an important part of our road maintenance, and the Cochrane Roads crew have been working diligently to keep our roads and storm systems maintained through the freeze-thaw cycle.

The permanent repair of potholes requires warm dry weather for the asphalt to set and takes place in the late spring/summer.

See a pothole that needs repair? Submit an operations request at Cochrane.ca

For potholes on HWY 1A or HWY 22, contact Volker Stevin: **888-877-6237**
volkerstevin.ca

Income Tax Preparation Program

If you have a simple tax situation, you may be eligible for a free volunteer tax clinic, depending on your income and family size.

Contact Cochrane Family & Community Support Services to find out if you qualify.
