Pre-sweep underway

Crews have started the spring pre-sweep to remove winter sanding materials from our roads. No need to move your vehicles yet — this is a pre-sweep to reduce the amount of gravel in advance of Cochrane's main street sweeping season. Watch for notices about the cleaning schedule in your neighbourhood.

Income Tax Preparation Program

If you have a simple tax situation, you may be eligible for a free volunteer tax clinic, depending on your income and family size.

Contact Cochrane Family & Community Support Services to find out if you qualify.
