DRIVEWAY TRAILER PARKING PERMITTED MAY 1

Heading into camping season, Cochranites can once again enjoy the convenience of storing recreational vehicles on residential driveways starting May 1.

This season, keep safety in mind:

- A maximum of two recreational units may be parked/stored on a residential site at a time.
- Recreational units should not occupy or obstruct any required parking stalls.
- Parked units can not be used for sleeping, food preparation or personal hygiene while parked.
- All recreational units should be located wholly within the site and be setback a minimum of 0.6m from the rear property line where there is a rear lane.

Weed Control Starting Soon

Following the Weed Control Act to control certain plant species, Parks staff control weeds in our community using an integrated system to ensure all reasonable steps are taken to protect and enhance our natural, recreational and non-recreational environments.

As early as May 29, Parks crews may begin treating targeted areas with herbicides, steam treatment and other forms of weed control, weather permitting.

- Watch for the yellow signs that are placed at the time of application, including product safety data sheet information.
- More info: Cochrane.ca/weeds

CREATE A SPARK

Community Investment Grant Program
Applications Due May 1

Planning an event?

Cochrane's Community Grant program helps local groups complete projects that enrich our community. Are you ready to create a spark in your community?

Apply for Cochrane's Community Investment Grant Program at Cochrane.ca/communitygrants

Street Sweeping Starts May 1

Cochrane Roads' crews are preparing for residential street sweeping activities to start Monday, May 1. Residents can help by moving their vehicles by 8am on sweeping day.
