Welcoming winter

Winter is here to stay! Roads staff members are continuously monitoring and treating roads throughout Cochrane for snow and icy patches.

Stay safe this winter! Please shovel snow in towards your properties - not out onto the road. This helps keep the roads safe and aides with clearing and stormwater flow. Stay off of the ice, including stormwater facilities, creeks and rivers; wear warm winter clothing and drive with caution.

Curbside christmas tree collection

Curbside collection runs until Jan. 15 on your regular waste and recycling collection day.

Miss the curbside collection? Bring your tree to the Eco Centre.

2024 business licences

All Business Licence renewals will be available at The Station at Cochrane Crossing (360 Railway Street West).

All businesses operating in Cochrane must hold a current business licence.

Cochrane utility fee change

Effective January 1, 2024, Cochrane utility fees will be increasing to better reflect the cost of providing the service.

While the impact will vary from household-to-household dependent on the specific usage, the average home will see a \$10.38 monthly increase.

Interested in what you can do to reduce your municipal utility costs? Visit [Cochrane.ca/waterconservation](https://cochrane.ca/waterconservation) for some great tips.
