

# Highway 22 to Riverview Syphon

Twinning of the existing Cochrane West sanitary syphon to accommodate future growth and reduce operational concerns.

## WHY ARE WE DOING THIS?

- Provide additional wastewater capacity
- Reduce operation concerns of current syphon
- Accommodate future community growth

## CONSTRUCTION SCOPE:

- Twin of existing syphon
- Add 1.1km of additional sanitary sewer

## WHAT IS DONE:

- Drilling and pipe installation

## WHAT IS LEFT:

- Control structures on syphon
- Site rehabilitation and landscaping

## TIMELINE:

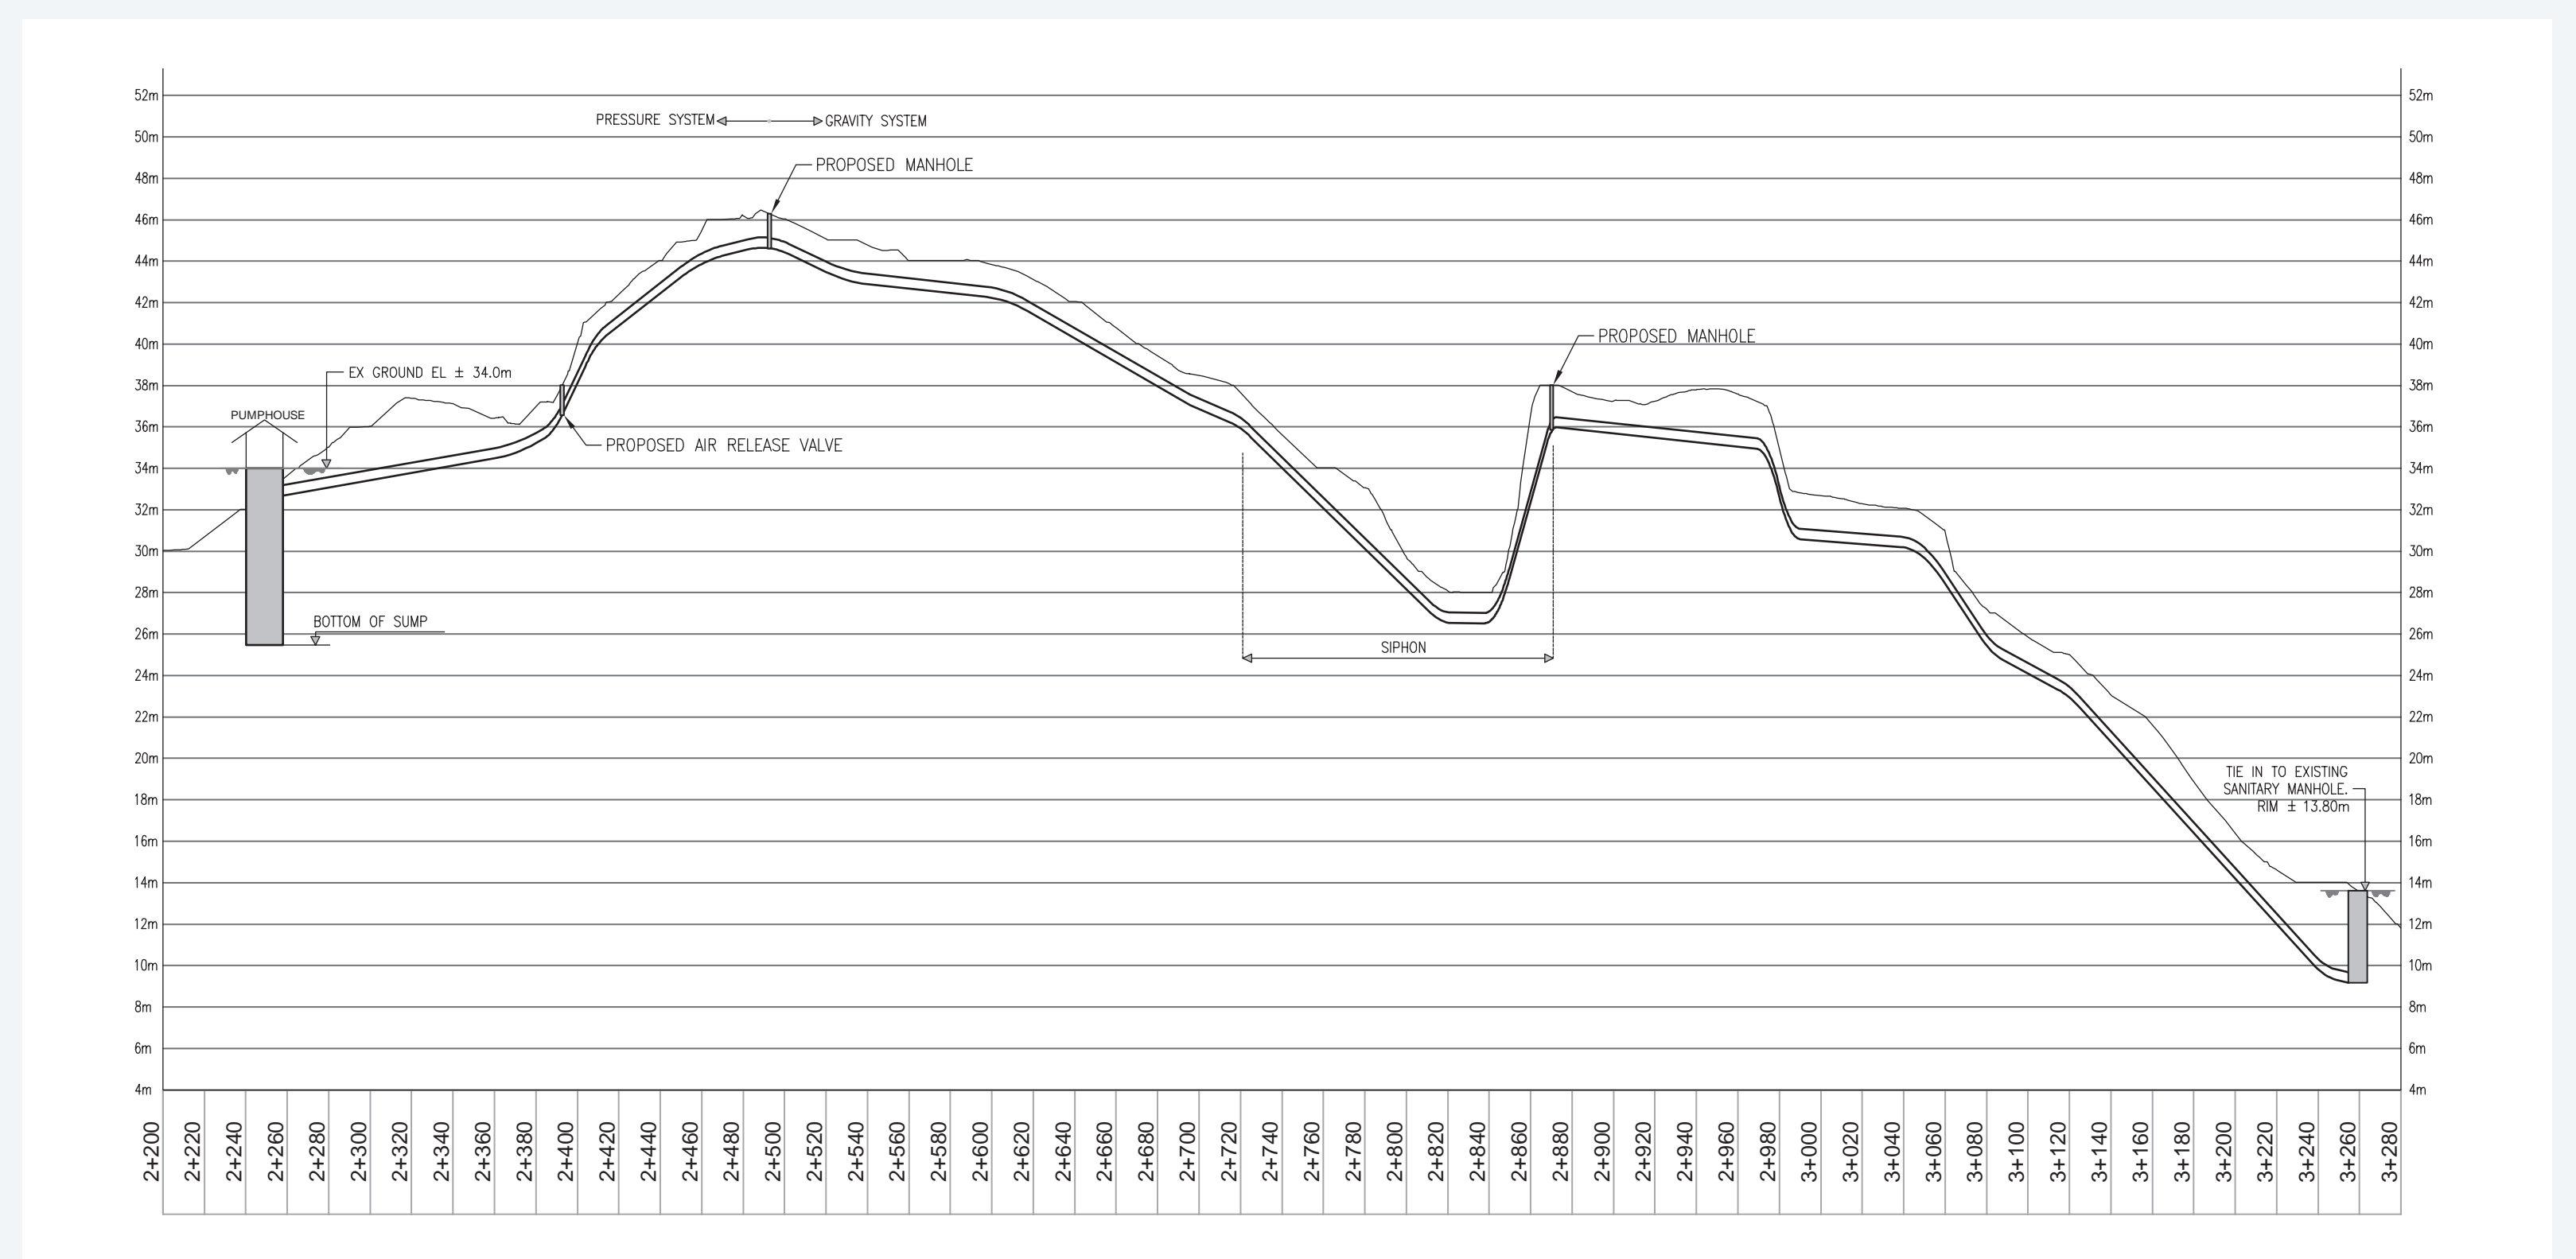

Fall 2023 → Summer 2024

## RESIDENT IMPACTS:

- Temporary pathway closures / detours
- General construction noise and disruption

## WHAT IS A SYPHON?

A syphon allows liquid to travel from an upper elevation to a lower elevation without the use of a pump system.
