What are the Summit of River Heights Neighbourhood Plan Amendments?

This is an application to amend the existing Summit of River Heights Neighbourhood Plan to account for a proposed land use change being applied for through a separate application. The land use application involves applying zoning to all of the lands within the Summit of River Heights as shown on the below map. The proposed amendments to the Neighbourhood Plan will update all text, maps, and figures with the new land use.

What does this mean?

There is a separate application being brought forward to amend land use for the subject parcels in the Summit. This application will bring the Neighbourhood Plan into alignment with the proposed land use change.
