

## Cochrane Family and Community Support Services (FCSS) & Cochrane and Area United Way Partnership

### 2026 Joint Application for Funding (Funding Period: January 1 – December 31, 2026)

Funding applications for Cochrane Family and Community Support Services (FCSS) and Cochrane and Area United Way Partnership grants will be accepted until midnight on Sunday, September 21, 2025. Successful applicants will be notified by December 31, 2025. Grant funding will be distributed by April 1, 2026 and must be fully expended by December 31, 2026.

Funds are allocated based on the mandates of FCSS and the United Way of Calgary and Area.

FCSS supports projects that:

- Promote and encourage active engagement in the community
- Foster a sense of belonging and promote social inclusion
- Develop and strengthen skills that build resilience
- Enhance access to social supports
- Develop and maintain healthy relationships
- Align with the Provincial Priorities (Homelessness and Housing Insecurity, Mental Health and Addictions, Employment, Family and Sexual Violence, Aging Well in Community)

United Way of Calgary and Area supports projects that:

- Support people's mental health
- Improve people's financial and living situations
- Create a sense of belonging and equality for everyone
- Encourage positive and supportive relationships

#### Certification of Compliance

This is to certify that to the best of my knowledge and belief, the information included in this application complies with the requirements and conditions set out in the Family and Community Support Services Act and Regulation.

Are evidence based	<ul style="list-style-type: none"> <li>• Projects demonstrate critical reflection and evaluation processes to continually improve.</li> </ul>

## FCSS Provincial Reporting Materials

The provincial government has updated the reporting requirements under the FCSS Accountability Framework for the 2026 reporting year.

# Provincial Prevention Priorities Overview

## Homelessness and Housing Insecurity

Homelessness and housing insecurity in Alberta are complex and growing challenges driven by factors such as rising housing costs, economic instability, mental health and addiction issues and systemic barriers to support services. Many individuals and families struggle to access stable, affordable housing, leaving them at risk of eviction, temporary shelter reliance or living in unsafe conditions.

## Mental Health and Addictions

Many Albertans experience challenges related to mental health and addictions. The province also continues to face an opioid crisis, with alarming rates of drug poisoning and overdoses. These issues have profound impacts on the wellbeing of individuals, families and communities.

## Employment

Unemployment remains a challenge in Alberta, affecting individuals and families across the province. Job losses and economic uncertainty contribute to financial instability and can create barriers to long-term employment. Fluctuations in the job market impact many Albertans, highlighting the ongoing issue of unemployment and its broader effects on communities.

## Family and Sexual Violence

Family and sexual violence are critical concerns that can lead to significant and lasting physical, emotional, and psychological effects. These impacts can create substantial barriers to safety, well-being and stability. Survivors often encounter difficulties in obtaining necessary support and the repercussions can extend beyond individuals to affect families, workplaces, and the wider community.

## Aging Well in Community

Alignment of health, housing, and community-based services can create safe and supportive environments for Albertans to age well in the community. It is estimated that 22% of people in long term care could be avoided with the right community-based supports in place. Approaches to integrate healthcare and community-based supports are essential to enable Albertans to age in their homes and communities and lower their risk of seeking hospitalization and/or long-term care.

# Provincial Prevention Strategies Overview

Provincial Prevention Strategies are the things FCSS programs can do to **enhance protective factors**.

<b>Prevention Strategy #1</b>	Promote and encourage active engagement in the community
<b>Prevention Strategy #2</b>	Foster a sense of belonging
<b>Prevention Strategy #3</b>	Promote social inclusion
