Trailer parking

It's time to start thinking about
your seasonal trailer parking!

Starting on October 31, residents
are no longer allowed to store
trailers, RVs and campers on their
home driveway until May, when the
camping season returns.

Fall clean up reminder

It's been a beautiful fall, but winter is on its
way! Take advantage of the nice weather to
clear your gutters, swales and eavestroughs
— clogged drains can cause water backups
and even flooding.

Quick tips:

- Clean gutters and eavestroughs
- Remove leaves, branches, and debris for
proper drainage.
- Avoid cleaning in icy or unsafe conditions.

Got extra leaves? Take them to the Eco Centre
for proper disposal.

Waste, recycling and organics

Weekly organics
cart collection
extended until
Nov. 14.
