Winter snow clearing

Winter has returned and our dedicated snow crews are already in action.

As soon as 3 cm of snow accumulates—or when drifting snow begins to affect traffic—they roll out to keep Cochrane moving. Covering more than 300 km of roads, our teams work tirelessly to make sure our streets stay safe and passable.

As the snow continues to accumulate, give yourself extra time to travel, do your part by shovelling your sidewalk and driveway and lend a hand to neighbours who may need extra assistance.

Together, we can help keep our community safe, connected and accessible for everyone.

Visit our snow clearing map and priority routes at cochrane.ca/snow.

It's important to watch for our plows when their lights are **flashing** and they are spreading out materials.
