Go slow on the H2O

With a beautiful forecast this weekend, you may be inspired to get outside and work on your yard.

Cochrane's residential water use can rise by as much as 30% in the summer months. Do your part and avoid watering during the hottest parts of the day.

Cochrane has Level one watering restrictions in effect year-round. Be sure you water before 10 a.m., or after 7 p.m.

Work continues this week

Various construction projects are currently underway.

Impaired driving is never worth the risk

Even one drink can affect your reaction time and judgement. Plan ahead:

- Choose a sober driver
- Arrange a safe ride home
- Use a taxi or transit

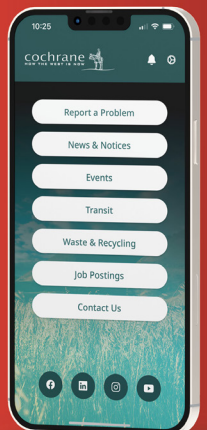

Let's all get home safely.
